## Ascension

*By Malcolm Guite*

We saw his light break through the cloud of glory  
Whilst we were rooted still in time and place  
As earth became a part of Heaven's story  
And heaven opened to his human face.  
We saw him go and yet we were not parted  
He took us with him to the heart of things  
The heart that broke for all the broken-hearted  
Is whole and Heaven-centred now, and sings,  
Sings in the strength that rises out of weakness,  
Sings through the clouds that veil him from our sight,  
Whilst we ourselves become his clouds of witness  
And sing the waning darkness into light,  
His light in us, and ours in him concealed,  
Which all creation waits to see revealed.
